Starting off with the **starters**, Fatty Patty’s gives you a few options to get your meal off to a great start. The **Garlic Bread** is a classic, with a warm, crispy exterior and a rich, garlicky flavor that sets the tone for the rest of the meal. If you’re looking to elevate your garlic bread experience, the **Cheesy Garlic Bread** is a must-try. Melted cheese oozes over the garlic-buttered bread, making it the perfect indulgence before diving into the main course. For those who prefer a bit more warmth, the **Soup of the Day** is always a comforting choice, with its ever-changing flavors that showcase seasonal ingredients. If you're craving something hearty, the **Chili** is a robust and satisfying option, with just the right amount of spice. Or, you could opt for the **French Onion Soup**, a flavorful classic that is both rich and savory, topped with melted cheese and served piping hot.

Next up are the **wraps and salads**, where lighter, fresher options await. The **Appetizer Greek Salad** is a refreshing mix of crisp vegetables, Kalamata olives, and feta cheese, drizzled with a tangy dressing that brings everything together. For a more substantial salad, the **Greek Salad** offers the same great flavors, but in a larger portion. If you're a fan of Caesar salads, the **Appetizer Caesar Salad** is a great choice to start your meal, with its creamy dressing, crunchy croutons, and parmesan cheese. However, if you're looking for something a little more filling, the **Caesar Salad** or **Chicken Caesar Salad** will definitely satisfy your hunger. The addition of tender chicken to the Caesar salad provides an extra layer of protein, making it a well-rounded and delicious meal on its own.

For those who have a sweet tooth, the **desserts** at Fatty Patty's are not to be missed. The **Cherry Cheesecake** is a creamy, decadent treat with a perfect balance of tart cherries and sweet cheesecake filling, all sitting atop a buttery crust. If you're in the mood for something warm and comforting, the **Hot Fudge Brownie** is a fantastic choice. This dessert features a rich, fudgy brownie paired with warm hot fudge, creating a deliciously indulgent experience.

When it comes to **pastas**, Fatty Patty's has a few classic options that never fail to impress. The **Classic Spaghetti** is a simple yet satisfying dish, with perfectly cooked spaghetti noodles smothered in a savory marinara sauce. If you're in the mood for something a bit more filling, the **Lasagna** is a hearty choice. Layers of pasta, meat sauce, and cheese come together to create a comforting, rich dish that's perfect for any pasta lover. For a slight twist, the **Baked Spaghetti** offers a delicious alternative with baked cheese and sauce that adds a bit of crispy texture, enhancing the overall flavor of this beloved pasta dish.

For those seeking a true **classic entrée**, the **Fish & Chips** is always a great option. This fan-favorite features crispy, golden battered fish served alongside crispy fries, making it a timeless comfort food that's always satisfying.
