When exploring the **Vassilis Souvlaki Greek Taverna Menu** at 6558 Kingsway, Burnaby, BC, it's clear why this long-standing local gem continues to be a favorite among Greek food lovers. The menu is a celebration of authentic Mediterranean flavors, showcasing a balance between traditional Greek comfort food and the freshness that defines coastal cuisine. From the moment you walk in, the aroma of grilled meats, herbs, and olive oil sets the tone for what's to come—a warm, homestyle experience that feels like dining in a Greek village taverna.

The **Appetizers (Mezethes)** section is where your journey into Greek cuisine truly begins. Each dish feels crafted with heart, designed to prepare your palate for the rich and savory mains that follow. The **Kalamarakia**—crispy golden calamari served with a wedge of lemon—arrives perfectly fried, tender inside yet delightfully crunchy outside. It's light but satisfying, with that clean ocean taste that pairs beautifully with a sip of chilled white wine. For something heartier, the **Keftethakia**, or Greek meatballs, are a must-try. These are delicately spiced, juicy, and bursting with flavor, served in a way that invites sharing. Another standout is the **Spanakopita**, flaky layers of phyllo pastry filled with spinach and feta cheese. Its buttery crispness gives way to a warm, savory filling that embodies comfort in every bite. The **Homous & Pita** plate brings simplicity at its best—creamy hummus drizzled with olive oil, served alongside warm, soft pita bread that's perfect for dipping. And then there are the **Garlic Prawns**, tender shrimp sautéed with olive oil, garlic, and herbs, carrying that perfect punch of Mediterranean zest.

Moving on to the **Main Dishes**, the variety reflects both Greek tradition and modern tastes. The **Vegetarian Plate** is a bright and flavorful option, often featuring a mix of grilled vegetables, rice, and savory dips—ideal for those seeking lighter fare without sacrificing taste. The **Keftethes Scharas** brings those signature Greek meatballs to the forefront again, this time grilled to perfection, offering smoky depth and that satisfying char. For pasta lovers, the **Greek Pasta** is a comforting choice—tossed in a tomato-based sauce with herbs and feta, it bridges the gap between Italian and Greek flavors beautifully. The **Chicken & Pasta** and **Roast Lamb & Pasta**

options elevate the experience, adding tender protein to create a wholesome, homestyle meal. The lamb in particular is melt-in-your-mouth tender, infused with herbs like rosemary and oregano that reflect the rustic essence of Greek countryside cooking.

No visit to Vassilis would be complete without diving into the **Souvlakia** section-arguably the star of the **Vassilis Souvlaki Greek Taverna Menu**. The skewers are the true soul of Greek street food, grilled over open flames to achieve that perfect charred aroma. Whether you choose **Chicken, Lamb, Prawns, or Beef**, each skewer is seasoned to highlight the natural flavor of the meat. The chicken souvlaki is juicy and fragrant, while the lamb offers a deeper, earthier profile that's simply irresistible. The prawns add a refreshing seafood option, lightly smoky yet tender, while the beef delivers a robust, hearty bite. Each souvlaki plate typically comes with rice, roasted potatoes, and salad-an ideal combination of textures and tastes that leaves you perfectly satisfied.

Then come the **Vassilis Specialties**, where the restaurant truly shines in showcasing its culinary mastery. The **Roast Lamb** is a signature dish and easily one of the highlights of the entire menu. Slow-roasted until tender, it falls apart effortlessly, infused with garlic, lemon, and herbs. It's the kind of dish that makes you close your eyes and savor each mouthful. The **Rack of Lamb (6 pieces)** is equally impressive-a feast for meat lovers who appreciate a perfectly grilled rack with that golden-brown crust and juicy center. Another standout is the **Moussaka**, a Greek classic featuring layers of eggplant, ground beef, and béchamel sauce. It's rich, creamy, and perfectly balanced, offering comfort in every bite. The **Païdakia**, or grilled lamb chops, are another delight-smoky, tender, and full of character. For those craving poultry, the **Mediterranean Chicken** combines the succulence of grilled chicken with bright, zesty flavors of lemon, herbs, and olive oil.

If you're dining with a group or simply want to sample a variety of flavors, the **House Platters** are a fantastic option. The **Greek Authentic Platter** offers a taste of the classics-perhaps a combination of souvlaki, roast lamb, and traditional sides that showcase the best of Greek home cooking. Meanwhile, the **Vassilis Platter** is perfect for those wanting a bit of everything, a generous serving designed to be shared and enjoyed with laughter and conversation. Both platters highlight the restaurant's commitment to generous portions, quality ingredients, and traditional recipes passed down through generations.
